## PREFACE to the vi<sup>th</sup> Impression.

These TABLES have had the Good Fortune to be so Generally Received, & Encouraged by the NOBILITY and GENTRY, and those who are Curious in Chronology and History, that the 3 First Impressions (to 1688) were taken off in 3 Years. They have been Since Continued (by 2 Impressions more) to 1696; And (though Out of Print these 4 Years) there has been near upon a Thousand of them Already Disposed of.

This Great Success has made me Venture on a 4<sup>th</sup> Impression With a Farther Continuation Down to the. YEAR 1703. Wherein (to Render them yet more Acceptable to the Curious) I have made Several Additions, Alterations, & Amendments; Which will appear, if compared with the Other Impressions. And since the former Method of Printing them on Both Sides has been Objected against as somewhat troublesome in the Perusal, by the Necessity of turning them so often from One Side to t'other; And that by the former way of Binding (being in Single Leaves only) the Leaves have been often Subject to Drop out, and the Book it self could never Open so freely as it Ought. I have now both Printed, & Bound them in such a Manner, that those Great Inconveniences are wholly Prevented for the Future.

And hereby the Reader will Receive yet a Farther Advantage, for if he shall at any Time be Inclined to make any Additions, Chronological or Historical Observations, for his own Satisfaction. They are now (in a Manner) Inter-Leav'd, for that very Purpose.

Or Being so Necessary a VADE MECUM, and so many Spare Leaves (of Extraordinary Good Writing Paper) for Memoranda &c. They may now be used as TABLE BOOKS; for which Purpose I have (at the End) Added my Own PERPETUAL ALMANACK. The Names of such PRINCES, as are Added since 1688, are All Placed Together, at the End of the ALPHABET; To Prevent the Irregularity of so Great an Inter-Lining.

Si quid novissi vestigia sis  
Candidus impervi, si non, sic tuus nocturnum.

u. III. Many New Characters are in this Added, to Express The  
various Endowments, Actions & Accidents of Men; no<sup>t</sup> are so Adapted  
to y<sup>r</sup> Sense y<sup>r</sup> the Memory is not in y<sup>r</sup> least Burthened with them  
and yet by this most concise Way, y<sup>r</sup> Author Affords y<sup>r</sup> Reader  
a Kind of History of each Prince he Treats of.

v. His Entries in the Alphabetical Table, this Plain Definition  
will Apprehend, which is, make Use of it without trouble (there not being y<sup>r</sup>  
least Mark but w<sup>t</sup> is Explained at large) Makes this Preferable to either  
a Man's Marvel, or any Other Book of that Kind.

w. The Filling up those Places, w<sup>t</sup> y<sup>r</sup> Former Author had left Vacant,  
and an Authentick Account of Antiquity of each Kingdom, Till  
the Time of each Particular King, first Commenceth his History,  
Farther in Supplying whole Squares Together, with a True and Perfect  
Series of Succession, where y<sup>r</sup> French made it Doubtfull, or wholly  
omitted it; for Instance in y<sup>r</sup> 10<sup>th</sup>, 11<sup>th</sup> Centuries of Denmark, Sweden  
and in Many Other Places throughout y<sup>r</sup> whole Book, This Improvement  
I say, has Rendered the Work abundantly more Valuable, as well as  
the Author's Industry more Conspicuous.

x. It is Done on 43 Copper Plates, w<sup>t</sup> a Plain Letter, & Composed  
for the Pocket: And I take it, in Short, to be one of the Readiest  
of Exactest Chronologies yet Extant, altho<sup>t</sup> of Price (Considering  
it is All Well Engraven) w<sup>t</sup> will be Generally Usedfull, if I do not  
much Dinder to see a Third Impression in less than two Years.  
And if I know y<sup>r</sup> Author himself, I should Advise him, in his Next  
Impression, to Continue it Down to the Present Time.

y. And I cannot but Highly commend it, Encouraging this Way of  
Learning, Drawing on Copper Plates, as a Very Ingenious, and  
Usefull (though Chargeable & tedious) Way for Reducing Great  
Matters into so Small a Compass: Whereas our Author  
Appears to have a More than Ordinary Genius. etc.

Whereas these Tables have bin Thought by Some to be no More than a Bare Translation of the French Edition, by Mons' Marcel; that Thought Necessary to Undeceive Such Who have not yett Compared y<sup>e</sup> one with y<sup>e</sup> other. The Reader is therefore kindly Referr'd to LUDWIC CRASE, of Late Author of Universall Historical Bibliotheca, Who in his Works of Learned (February 1694. Vol. 1. p. 10) upon Publishing of y<sup>e</sup> 3<sup>d</sup> Impression of these Tables, after having Diligently Compared them w<sup>t</sup> y<sup>e</sup> Former Editions, Gives this Following Account of them. viz:

In every Art the Inventor Carries all the Glory. Though it often Happens, that his Performance is Far Inferior to theirs, who Follow his Foot-stepps.

u However of Ingenious Abridgement of Christian Chronology, by Mons' Marcel Proved so Much above y<sup>e</sup> Reach of Common Capacities, y<sup>e</sup> very Few Translators have Rightly Understood him; Whereas our English Interpreter has so Far Improv'd his Design, as to make it Almost a New Work, & Withall much more Compleat, Plain, & Usefull. And with that Accurateness, w<sup>t</sup> could hardly be Expected from so Small a Tract.

v This Translation Seems to Exceed the French-Original in Several Respects.

vi. As to y<sup>e</sup> Rise, Progress, & Period of each Kingdom, w<sup>t</sup> are Now much more Exactly, & Methodically Handl'd; And the Several Parts of, & Divisions in the Eastern & Western Empire, w<sup>t</sup> were very Intricate in Marcel, are Far Better Distinguished, and many Gross Defects Judiciously Supplied.

vii. A vast number of Faults are Here Corrected. Both art of Time & Manner of y<sup>e</sup> Death of Several Princes, as likewise in their Characters. Especially y<sup>e</sup> False & Partial Accounts, w<sup>t</sup> the French Roman-Catholick Author had Given of Popes, or of such Emperours & Generous Princes, who hav<sup>t</sup> Withstood Tyranny of Rome. Many

One Example is thought sufficient whereby of Whole Design & Use of these Tables will appear extremely plain Ready & Easie viz.

I would read out Gustavus Adolphus.

First looking of Alphabet for his Name To which is Affixed theron Marks (Z C O G S) signifying 1<sup>st</sup> his Inclinations & 2<sup>d</sup> That he is found in y<sup>e</sup> square of the 2<sup>d</sup> Point in the 3<sup>d</sup> Century Table, or Leaf . . .

Then II Place of 1<sup>d</sup> Century & 3<sup>d</sup> Eye of Squares (Opening of Fold) in  
there stand, in y<sup>e</sup> Square belonging to Sweden, viz. . . . .

That Gustavus Adolphus was King of Sweden, & He succeeded Charles, wherby in y<sup>e</sup> next Point was his Father, & Died a Natural Death in  
That he was succeeded by Christina, who (by q. 54) Quitted y<sup>e</sup> Throne to  
Charles Gustavus 1654. The Point after (q.) implying that Charles  
Gustavus was not son to Christina, though he was her Successor.  
I likewise find these Marks after His Name M Z 2 Signifying .

M without a Point, v<sup>i</sup> He was Father to Christina . . . .  
M w<sup>th</sup> y<sup>e</sup> Dart y<sup>e</sup> He Died in Battle p. 229 January Year 1654  
And by Those Characters (Z C O G) in y<sup>e</sup> Alphabet, I find that he  
was A Prince Rich Liberal & Well-Beloved by his People :  
That he was a Lover of Justice ; of Good Courage & a Warrior :  
That he had Good Success in War, & was indeed a Politick Prince.

This being y<sup>e</sup> general Character given of him by our Historians, whom  
by Opening y<sup>e</sup> Other Fold you will find to be Simon Grammaticus, Olaius  
Magnus, & Albrecht Kraemer who have written a large of this Kingdom. And  
Whom for further Satisfaction in y<sup>e</sup> Historical Part you are referred —

The same Fold Shows y<sup>e</sup> Authors who are Quoted in y<sup>e</sup> other Kingdoms  
And in the same Century or last you have an Exact Account who  
were the Predecessors of Gustavus Adolphus success<sup>l</sup> y<sup>e</sup> said Prince.  
The Two Folding Tables, and The Alphabet being now placed  
the same way as the Contents, The Reader has an Intire View at Once  
(without turning them) of All those Different Characters & Marks,  
which are so very often referred to in the several of these Tables —  
The Crowns & Arms are Explained in the Lead to the Reader. —

## The Use of these CHRONOLOGICAL TABLES.

The Tables to be first Considered are those Placed at the End of  
the Centuries & Alphabet Illustrat'd Key in General to the Particular  
Squares of the Empire Kingdom. The Other is an Explication of  
all the Several Characters & Marks Contained throughout the Book.  
Every Kingdom is known by its peculiar Capital Letter in the Square  
distinguishing it from y<sup>e</sup> Rest; viz A for y<sup>e</sup> Popes, B for y<sup>e</sup> Empire,  
Against some of those are Distinguish'd by certain Marks from One  
another, but are still Contain'd in y<sup>e</sup> Same Square. And this Shews  
the several States in one & y<sup>e</sup> same Empire & Kingdom. Exempl.  
B is y<sup>e</sup> Square for y<sup>e</sup> Empire in General both Eastern & Western  
And y<sup>e</sup> Letter B is chang'd in several Times in y<sup>e</sup> Square viz.  
B singly Signifies y<sup>e</sup> Emperors in y<sup>e</sup> East & of Constantinople.  
B w<sup>th</sup> T added to it y<sup>e</sup> Turkish, or Ottoman Empire.  
B w<sup>th</sup> R to it the Roman, & Western Empire.

B also a Point y<sup>e</sup> Kings of Italy succeeding in y<sup>e</sup> Empire And Lastly  
B also all the through y<sup>e</sup> Emp<sup>r</sup> of Germany now in Possession thereof.  
Thus E is Henry the Third, N<sup>o</sup> 2 E singly is England, E w<sup>th</sup> P is Scotland  
Having rightly Perused this Key or Table Proceed to the Several  
Characters & Marks in y<sup>e</sup> Other Key, Showing in a very Compendious  
Method each Princes Inclination Fortune Death &c.

The Following Tables Numbered C, C, C, & C are y<sup>e</sup> Several Centuries  
Since y<sup>e</sup> Birth of our SAVIOUR. Wherein (in Diuided Squares)  
are placed all y<sup>e</sup> Popes, Emp<sup>r</sup> & Kings in each Century; in  
the True Order of Succession, y<sup>e</sup> Manner & Time of y<sup>e</sup> Deaths  
indicated. You have an exact Alphabet of all those Popes,  
Emp<sup>r</sup> & Kings preceding you immediately in to Square to find  
any of y<sup>e</sup> you seek for. And to each Name is affix'd some of those Char-  
acters you will find Explained at large in y<sup>e</sup> Key to w<sup>th</sup> you are Referred.

Since in the Revolution of Two Ages so many Changes have Happened in 1703, I thought it more Proper to Add these 10 Names at Last, than to Insert them in the Alphabet.

And by this Method the Reader will have a Better View of all these Princes at Once, Who have either Succeeded, or have been Elevated to the Throne, since the Year 1688. — The Others formerly Omitted, & Added at the Lower End of the Alphabet, are now Inserted in their Proper Places. —

Explanation of the Several Characters, Made Use of in these Tables,

be of several Contraries of those Qualities (Whether Good or Bad); y<sup>e</sup> Each of those Characters do Signifie (Singly) by them selves  
nothing, but sometimes Names you will find of Characters Quite Opposite, & Contradicting Each Other; & in such Case it is to be
